

# MEET THE KAYAPÓ!

(ka-yah-POH)

The Kayapó live in the  
Amazon rainforest.  
Complete the activities  
to learn more about  
this unique community.

The Kayapó create beautiful feather headdresses for special ceremonies. When there aren't enough feathers to make headdresses, they cleverly use bright drinking straws instead.

Connect the dots to discover what "weapon" the Kayapó use to record and defend their way of life.

Kayapó artists make beaded armbands to express themselves. What would the designs on your armbands say about you?

Decorate the armbands on the next page to show off who you are.

## ARMBANDS

1. Decorate the armbands.
2. Cut them out.
3. Punch a hole at each dot. (Or measure to fit.)
4. Thread string through the holes.
5. Tie on your personal armbands!
