

## STUDENT CONFERENCE SUPPORT PROGRAM Ph.D. Students (Department of Economics)

The Program for Economic Research (PER) provides funding support for Ph.D. students attending Economics conferences. Qualified Ph.D. students enrolled in the Department of Economics, and who have been invited and confirmed to present a research paper at an economic conference are invited to submit a completed application for consideration. If you qualify, PER may reimburse up to 50% of conference-related expenses up to a maximum commitment of \$400 per academic year. Funding is limited and available on a first come, first served basis. After the conference, submit this application and the below requested documents econ-per@columbia.edu. Submission of application does not guarantee funding. Visit <a href="https://econ.columbia.edu/phd/current-students/funding/">https://econ.columbia.edu/phd/current-students/funding/</a> for additional information.

This section should be completed by the student and submitted to PER at econ-per@columbia.edu.
