## Stata License Agreement

With your \$30 contribution, you can activate STATA MP 2 on one device

I, \_\_\_\_\_, understand that the Stata MP2 license that is provided to me is only for current PhD students in the Department of Economics. I understand that the license is subsidized by the department, and the license number is the same for every Econ PhD student who uses it.

I affirm that, with my \$30 contribution, I will only activate **one copy** of the Economics Stata MP2 software license, and that I will not share, post, or otherwise disseminate the license number, activation code, authorization code, or software with anyone else.
