Q1 **What are the strengths and weaknesses of your teaching assistant (discussion section leader, lab section leader, grader, or other assistant) as an instructor, and how might his or her teaching be improved?**

- very clear, does exactly what the Prof. has laid out for us. always willing to stay back and talk to students who have more questions when recitation is over.

- Xuan is extremely knowledgeable in microeconomics. She also took the time to help me when I needed it which I really appreciated. I would only suggest that she try engaging her students more in discussion section. Also, office hours would go much faster if she read through the homework questions beforehand.

- Xuan Li is by far the best of all Intermediate macro TAs. Her recitations are somewhat more difficult than other TA's recitation (I have been to all) but this is very helpful during exams. She is really great and puts a lot of effort in her TA role. She is always available for questions and his very clear in her explanations.

- Caring and willing to share knowledge.

- She was very helpful and made sure students understood the material to the best of her ability.

- She's very helpful.

- She is great! Very helpful!
