- The best TA I have encountered at Columbia. Qiuying was great from the very beginning, when she decided to extend her office hours so that everyone can make it. Her office hours were the best of any TA I've had at Columbia. She was simply fantastic at breaking down the material in detail. And extremely fast at answering any emails. Qiuying Qu is the gold standard of TAs. I literally do not think I could find someone better at TAing if I tried.
- very responsive and responsible.
- She is incredible-no weaknesses
- Qiuying is the best TA I've ever had! She is very attentive and patient with the students. She also knows a lot about the subject.
- Qiuying is one of the most hard-working teaching assistants I have met at Columbia. Her careful grading of problem sets was also especially helpful.
- She was very helpful in expanding on the lecture topics.
- very understanding, has a lot of patience
- Both TAs are extremely helpful, knowledgeable and made it easier to apply knowledge from lectures to real life/homeworks
- She replied emails with details, helpful
