# COVID-19 POLICY HACKATH●N

Hosted by the Stanford Economics Association and the MIT Undergraduate Economics Association

WHEN: June 13th - 14th, 2020

WHAT: Generate creative policy solutions to resolve the most urgent issues arising from COVID-19. Meet top-level mentors and attend goal-achieving workshops to help our governments and research institutions in one of four tracks:

- Public Health
- Firms and Workers
- Trade and Immigration
- Financial Policy

The top three teams in each track will be awarded $500 cash prizes and post-hackathon mentorship opportunities.
