

Dear PhD Student,

We would like to invite you to submit your work to the annual Trans-Atlantic Doctoral Conference (TADC) to be organized by London Business School and take place **on campus** from **May 18<sup>th</sup> to 20<sup>th</sup>, 2023**.

TADC is a student-planned conference open only to fellow doctoral students, so all presentations, discussions, and interactions are among peers. While we surely value time with faculty members, a student-only, cross-institutional environment is a rare happening with many benefits. We would like to highlight just two of the many positive aspects of the conference:

- The atmosphere for presentations is of a friendly nature, giving presenters a chance to showcase their work under minimal pressure; and
- TADC is a great opportunity to expand scholarly networks. Many past TADC attendees have met up at other conferences, and connections made at TADC have resulted in co-authorships and joint publications.

While we are determined to work hard towards preparing a worthwhile conference for our attendees, the quality of the conference is ultimately determined by the participants who come to share their knowledge and work. Therefore, we heartily encourage you to submit your paper. The deadline to submit your full paper is **February 28<sup>th</sup>, 2023**. If your paper is accepted, you will be able to submit your final draft by **May 1<sup>st</sup>, 2023**.

If you have any questions, please do not hesitate to contact your subject area representatives (see below), and we would be happy to provide you with further information.

Kindest regards,

The TADC Organizing Committee
